IN RE: COMMODITY EXCHANGE, INC., GOLD FUTURES AND OPTIONS TRADING LITIGATION *This Document Relates To All Actions*	Case No. 14-MD-2548 (VEC) 14-MC-2548 (VEC) Hon. Valerie E. Caproni

DECLARATION OF JUSTIN R. HUGHES IN SUPPORT OF
PLAINTIFFS' MOTION FOR DISTRIBUTION OF THE SETTLEMENT FUND

I, Justin R. Hughes, declare as follows:

1. I am a Senior Director at Kroll Settlement Administration LLC ("Kroll")[1] f/k/a Heffler Claims Group, the Claims Administrator appointed in this Action. This declaration is being submitted in support of the motion for distribution of the Net Settlement Fund to Authorized Claimants in the Action. This declaration is based upon my personal knowledge as well as information provided to me by my associates and staff.

2. Following final approval of the Settlements, the Court's Final Judgments and Orders of Dismissal as to all Defendants were entered on May 4, 2022 (ECF Nos. 636 and 637) and August 8, 2022 (ECF No. 669). Kroll has since completed processing all Claim Forms received through July 31, 2023, in accordance with the Settlement Agreements and the Court's

[1] Capitalized terms used herein and not otherwise defined have the meanings assigned to them in those certain Stipulations and Agreements of Settlement (the "Settlement Agreements") entered into in the above-captioned case (ECF Nos. 174-1 and 514-1 (together, the "Original Settlements") and ECF No. 607-1 (the "Third Settlement")), as well as in the Court-approved "Plans of Allocation" filed on November 12, 2021 (ECF Nos. 610-3 and 610-4).

orders approving the plans of allocation for the Settlements, entered on August 8, 2022 (ECF Nos. 665 and 670). Kroll now submits for the Court's review its administrative determinations regarding the Claim Forms in preparation for a distribution of the Net Settlement Fund to Authorized Claimants.

I. DISSEMINATION OF THE ORIGINAL SETTLEMENTS NOTICE PACKET

3. The Court's *Order Providing for Notice to the Settlement Class and Preliminarily Approving Plan of Allocation*, entered on February 12, 2021 (ECF No. 516), concerned the Original Settlements, which covered three eligible transaction types: Fix-Linked Transactions, "non-ETF-share" Other Transactions, and "ETF-share" Other Transactions.

4. As previously described more fully in the *Declaration of Jeanne C. Finegan, APR Concerning Implementation of Class Member Notification*, filed on July 9, 2021 (ECF No. 562), Kroll mailed more than 307,000 copies of the Notice and Claim Form (collectively, the "Original Notice Packet") to potential Settlement Class Members and nominees. Kroll also sent notice to the Class through other methods, including via newspapers, social media, emails, e-newsletters, press releases, a settlement website, and a toll-free information phone line. And finally, per the Declaration of Jason Rabe Regarding Mailing of Notice and Proof of Claim and Release Form (ECF No. 563), additional notices were mailed by Rust Consulting, who was retained by certain Defendants to effectuate notice to certain Class Members.

5. The Original Notice Packet, along with the settlement website and the media program, set forth the claim form submission deadline of August 23, 2021. In connection with the Original Settlements' notice plan, Kroll received more than 82,000 claims.

II. DISSEMINATION OF THE REVISED NOTICE PACKET

6. The Court's subsequent *Order Regarding Notice of a Revised Plan of Allocation for the Deutsche Bank and HSBC Settlements* (ECF No. 624) (concerning the Original Settlements) and *Order Providing Notice to the Settlement Class and Preliminary* [sic] *Approving the Plan of Allocation Regarding the Third Settlement Agreement* (ECF No. 625), both entered on January 13, 2022, covered a fourth eligible transaction type: "Day Trade" Other Transactions.

7. Pursuant to the Court's January 13, 2022 Orders, Kroll began mailing more than 352,000 copies of the revised Notice and the revised Claim Form (collectively, the "Revised Notice Packet") to potential Settlement Class Members on February 18, 2022. In addition, per the Declaration of Jason Rabe Regarding Mailing of Additional Notice and Revised Claim Form (ECF No. 635-2), additional Revised Notice Packets were mailed by Rust Consulting. The revised Claim Form provided a section for Settlement Class Members to include their Day Trade Other Transactions. If a Settlement Class Member intended to amend a prior claim submission to include their Day Trade Other Transactions, they were directed to submit a new, complete Claim Form, and to indicate the claim number of their prior claim submission so that Kroll could mark the initial claim submission as "replaced."

8. The Revised Notice Packet, along with the settlement website and the media program, set forth the revised Claim Form submission deadline of April 19, 2022. In connection with the Revised Notice Packet, Kroll received more than 62,000 claims.

III. PROCEDURES FOLLOWED IN PROCESSING CLAIM FORMS

9. Under the terms of the Settlements, and as set forth in the revised Notice, each Settlement Class Member who wished to be eligible to receive a distribution from the Net Settlement Fund was required to complete and submit to Kroll a properly executed Claim Form

either electronically or postmarked no later than April 19, 2022. Through July 31, 2023, Kroll has received a total of 144,352 claims.

10. In preparation for receiving and processing Claim Forms, Kroll (i) conferred with Co-Lead Counsel regarding the project guidelines for processing Claim Forms; (ii) created a unique database to store claim details and images of Claim Forms and supporting documentation; (iii) trained staff in the specifics of the project so that Claim Forms would be properly processed; (iv) formulated a system so that telephone and email inquiries would be properly responded to; (v) developed various computer programs and screens for entry of Settlement Class Members' identifying information and transactional information; and (vi) developed a proprietary "calculation module" that would calculate "Transaction Claim Amounts" pursuant to the Court-approved Plans of Allocation.

A. Processing Paper Claim Forms

11. Of the 144,352 claims received by Kroll through July 31, 2023, 2,879 were submitted via a paper Claim Form ("Paper Claims"). Once received, Paper Claims were opened and prepared for scanning. This process included unfolding documents, removing staples, copying non-conforming sized documents, sorting documents, and attaching the envelope with the return address to the file. This manual task of preparing the Paper Claims is laborious and time intensive. Once prepared, Paper Claims were scanned into a database developed by Kroll to process claims submitted for the Settlement (the "Settlement Database") together with all submitted documentation. Subsequently, each claim was assigned a unique claim number. Once scanned, the information from each Paper Claim, including the name, physical address, and the claimant's transaction amounts as listed in the Paper Claim, was entered into the Settlement Database. Next, the information provided by each claimant in support of his, her, or its claim was reviewed to

determine whether each claimant had, in fact, qualified to be an eligible Settlement Class Member per the terms of the Settlements.

12. To process the transactions detailed in the claims, Kroll utilized internal codes (also known as "message codes") to identify and classify claims and any deficiency or ineligibility conditions that existed within those claims. The appropriate message codes were assigned to the claims as they were processed. For example, where a claim was submitted by a claimant who did not submit any transaction information, that claim received a "claim level" message code that denoted ineligibility. Similar "claim level" message codes were used to denote other ineligible conditions, such as "replaced" claims (*i.e.*, replaced by submission of revised claims) and "duplicate" claims. These message codes indicated to Kroll that the claimant is not eligible to receive any payment from the Net Settlement Fund with respect to that claim, and in the case of a deficiency, only when the deficiency is cured.

B. Processing Online Claim Forms

13. Of the 144,352 Claim Forms received by Kroll through July 31, 2023, 4,282 were submitted by claimants via the claim portal on the settlement website ("Web Claims"). Once received, Web Claims were imported into the Settlement Database. This process included assigning a unique claim number to each Web Claim and mapping the submission form to the database so that entries could be evaluated. Next, and identical to the process utilized for Paper Claims, the information provided by each claimant in support of his, her, or its Web Claim was reviewed to determine whether the claimant had, in fact, qualified to be an eligible Settlement Class Member per the terms of the Settlements. The Web Claims were coded just like Paper Claims, with message codes to identify and classify Web Claims and any deficiency or ineligibility

conditions that existed within them. The message codes applied to the Web Claims are the same as those applied to Paper Claims.

C. Processing Other Claim Forms Submitted Electronically

14. Of the 144,352 claims received by Kroll through July 31, 2023, 137,191 were filed electronically ("Electronic Claims"). Such claims are typically submitted by institutional investors who may have hundreds or thousands of transactions during the relevant period. Rather than provide reams of paper requiring data entry, the institutional investors filing Electronic Claims either mail a computer disc or email a file to Kroll, so that Kroll may electronically upload all transactions to the Settlement Database.

15. Kroll maintains an electronic filing operations team (the "Electronic Filing Team") to coordinate and supervise the receipt and handling of all Electronic Claims. In this case, as in all other claims administrations, the Electronic Filing Team reviewed and analyzed each electronic file to ensure that it was formatted in accordance with Kroll's required format, and to identify any potential data issues or inconsistencies within the file. If any issues or inconsistencies arose, Kroll immediately notified the filer. If the electronic file was deemed to be in an acceptable format, it was then forwarded to Kroll's data team with detailed loading instructions, including the number of claims that the institution provided when it sent the electronic file.

16. Once the claims totals were confirmed, the Electronic Claims were coded just like Paper Claims and Web Claims, with message codes to identify and classify Electronic Claims and any deficiency or ineligibility conditions that existed within them. The message codes applied to the Electronic Claims are the same as those applied to Paper Claims and Web Claims.

17. The review process also included flagging any Electronic Claims that were not accompanied by the following: (i) a signed Claim Form, which serves as a "Master Proof of Claim

Form" for all accounts referenced on the electronic file submitted; (ii) an electronic filing summary sheet; (iii) supporting documentation, such as a signed or notarized letter on company letterhead attesting to the truth and accuracy of the data on the electronic file, trade confirmations, and/or brokerage account statements; (iv) a notarized affidavit, corporate resolution, or corporate by laws verifying that the individual who executed the Claim Form and submitted the electronic file is an authorized signatory of his/her company with the authority to file such information; and (v) documentation to demonstrate the authority to file on behalf of the claimant. This portion of the review process was also reviewed by Kroll's "Quality Assurance" personnel, who worked in conjunction with the Electronic Filing Team to contact the institutional filers whose electronic files were missing information. This process ensures that only fully completed claims, submitted by properly authorized representatives of the claimants, are considered eligible for payment from the Net Settlement Fund.

18. At the end of the process, Kroll performed various audits of Electronic Claims. Specifically, Kroll contacted a number of electronic filers and requested that various sample transactions selected by Kroll be documented by providing confirmation slips or other transaction specific supporting documentation. This random sampling and request for follow up verification helped to ensure that electronic data supplied by claimants did not contain inaccurate information. Kroll performed this final check on a variety of electronic files randomly selected, as well as on the electronic files with the largest Transaction Claim Amounts.

III. EXCLUDED PERSONS

19. Kroll also reviewed all claims to ensure that they were not submitted by, or on behalf of, persons or entities excluded from the Settlement Class by definition, to the extent that

the identities of such persons or entities were known to Kroll through the list of Defendants and other excluded persons and entities set forth in the Settlement Agreements.

IV. THE DEFICIENCY PROCESS

A. Paper and Web Claims

20. Approximately 800 of the 7,161 Paper Claims and Web Claims, or approximately 11% of the Paper Claims and Web Claims, were submitted without any transactional information or were duplicative of other submitted claims.

21. A majority of Kroll's efforts in handling claims administration for these Settlements involved claimant communications, so that all claimants had a sufficient opportunity to cure any deficiencies and file a complete Claim Form. The "Deficiency Process," which primarily involved mailing letters to claimants and, in response, making and receiving calls and sending and receiving emails to and from claimants, was intended to assist claimants in properly completing their otherwise deficient submissions so that they would be eligible to receive a distribution from the Net Settlement Fund.

22. If a Claim Form was determined to be defective or ineligible, a Claim Deficiency Notice was sent to the claimant, describing the defect(s) or condition(s) of ineligibility in their claim and what was necessary to cure any "curable" defect(s) in the claim. The Claim Deficiency Notice advised the claimant that the submission of the appropriate information and/or documentary evidence to complete the claim had to be sent within twenty (20) days from the date of the Claim Deficiency Notice, or the claim would be recommended for rejection to the extent the deficiency or condition of ineligibility was not cured. Attached hereto as **Exhibit A** is an example of the Claim Deficiency Notice.

23. Claimants' responses to the Claim Deficiency Notices were scanned into Kroll's database and associated with the corresponding claim. The responses were then carefully reviewed and evaluated by Kroll. If a claimant's response corrected the defect(s), Kroll updated the database manually to reflect the change in status of the claim.

B. Electronic Claims

24. Using the following process, Kroll emailed claimants who filed electronically a "Claim Summary" attachment to the email, which listed the claims submitted, along with a reason for rejection and Gross Transaction Amounts for each year and transaction type (*i.e.*, Fix-Linked Transactions, non-ETF-share Other Transactions, ETF-share Other Transactions, Day Trade Other Transactions). The Claim Summaries:

(a) were sent electronically to 34 electronic filers who collectively submitted 137,191 Electronic Claims;

(b) identified Electronic Claims that were found to be deficient or ineligible so that the filer, on behalf of the claimant, had the opportunity to correct the deficient condition or contest the determination of ineligibility;

(c) stated that any deficient Electronic Claims that remained uncured would be recommended for rejection; and

(d) provided Kroll's contact information so that the filer could reach out to Kroll if it had any questions or required assistance.

25. The responses to the Claim Summaries were reviewed by Kroll, scanned, and/or loaded into Kroll's database, and associated with the corresponding Electronic Claims. If the response corrected the defect(s) or affected the Electronic Claim's status, Kroll manually and/or programmatically updated the database to reflect the change in status of the Electronic Claim(s).

V. LATE BUT OTHERWISE ELIGIBLE CLAIMS

26. Through July 31, 2023, Kroll received 2,801 claims that were postmarked or received after April 19, 2022, the revised Claim Bar Date established by the Court. Kroll processed all late Claim Forms received through July 31, 2023, and 2,614 have been found to be otherwise eligible in whole or in part (the "Late But Otherwise Eligible Claims"). Kroll has not rejected any Claim Forms received through July 31, 2023, solely based on its late submission, and believes no delay has resulted from the provisional acceptance of these Late But Otherwise Eligible Claims. To the extent they are eligible but for the fact that they were late, Kroll recommends that they be eligible for payment.

27. However, there must be a final cut-off date after which no more Claim Forms will be accepted to complete the distribution of the Net Settlement Fund and properly calculate the proportional distribution amount for each Authorized Claimant in accordance with the allocation plans. Acceptance of additional Claim Forms or responses to Claim Deficiency Notices or Claim Summaries received during the finalization of the administration and the preparation of this application would delay the distribution. Accordingly, Kroll will not accept any Claim Forms or responses to Deficiency Notices or Claim Summaries received after July 31, 2023. Claim Forms and responses received after this date shall be ineligible for payment in the initial distribution.

VI. QUALITY ASSURANCE

28. An integral part of all of Kroll's settlement administration projects is its Quality Assurance review. Kroll's Quality Assurance personnel worked throughout the entire claims administration process to verify that Claims were processed properly; that deficiency and ineligibility message codes were properly applied to claims; that Claims Deficiency Notices were mailed to the appropriate claimants; and that Kroll's computer programs were operating properly.

29. Once all of the claims were processed, Claims Deficiency Notices were mailed, and responses to those notices were reviewed and processed, Kroll's Quality Assurance team performed a final project wrap up to ensure the correctness and completeness of all claims before Kroll prepared its final reports to Co-Lead Counsel. Here, in connection with this Quality Assurance wrap up, Kroll: (i) confirmed that valid claims have no message codes denoting ineligibility; (ii) confirmed that claims that are ineligible have message codes denoting ineligibility; (iii) confirmed that claims that did not contain transaction information contain appropriate ineligibility message codes; (iv) confirmed that all claims requiring Claim Deficiency Notices were sent such notices; (v) performed a sample review of deficient claims; and (vi) tested the accuracy of the calculation program for determining Transaction Claim Amounts.

30. In support of the work described above, Kroll's computer staff designed and implemented, and the Quality Assurance team tested, the following programs for this administration: (i) data entry screens that store claim information (including all transactional data included in each claim) and attach message codes and, where necessary, text to denote conditions existing within the claim; (ii) programs to load and analyze transactional data submitted electronically for all Electronic Claims; (iii) a calculation program to analyze the transactional data for all claims, and calculate each claimant's Transaction Claim Amount based on the Plans of Allocation; and (iv) programs to generate various reports throughout and at the conclusion of the claims administration process, including lists of all eligible and ineligible claims.

31. Kroll also used a variety of fraud protection controls throughout the claims administration process to identify potential fraudulent claims. Searches for duplicate claims (by beneficial owner name, tax identification number, account number and Transaction Claim

Amounts), spot reviews, and other standard audit reports that examined the information in a variety of ways, were used during Kroll's Quality Assurance review.

32. Kroll reviewed and compared the entire Settlement Database against its proprietary "Watch List" of known potential fraudulent filers that Kroll has developed throughout its more than 40 years of experience as a claims administrator. Kroll works with law enforcement to update the Watch List with the latest information.

33. In accordance with requirements of the U.S. Treasury Department's Office of Foreign Assets Control ("OFAC"), Kroll will perform searches on every check that it will issue to identify any potential payees whose names appear on the federal government's restricted person's list or who reside in countries to which payments are prohibited. Kroll regularly monitors changes to OFAC regulations and guidelines.

VII. DISPOSITION OF CLAIMS

34. Kroll has completed the processing of the 144,352 claims that were received through July 31, 2023, and has determined that (a) 102,029 are acceptable in whole or in part, and that (b) 42,323 should be wholly rejected because they are ineligible for recovery from the Net Settlement Fund. The 42,323 wholly rejected Claims are ineligible for the following reasons:

Summary of Rejected Proofs of Claim

Reason for Rejection	**Number of Claims**
Deficient and Potentially Curable Claim Never Cured	14,694
Duplicate Claim	187
Claim Withdrawn	2,762
Claim Replaced	24,680

35. A list of the claims submitted and their ultimate disposition is contained in the "Administrator's Report," attached hereto as **Exhibit B**. **Exhibit B-1**, entitled "Timely Eligible Claims," lists all timely filed, provisionally accepted claims and states each claim's Transaction Claim Amounts. **Exhibit B-2**, entitled "Late But Otherwise Eligible Claims," lists all late-filed (*i.e.*, claims with a postmark or received after April 19, 2022 and received on or before July 31, 2023), provisionally-accepted claims and states each claim's Transaction Claim Amount. **Exhibit B-3**, entitled "Rejected Claims," lists all wholly rejected claims and states the reason for each claim's rejection. For privacy reasons, **Exhibit B** provides only the Claimant's unique claim number assigned by Kroll, along with that claim's Transaction Claim Amount or reason for rejection. No names, physical addresses, or social security or other taxpayer identification numbers are disclosed therein.

36. The total Transaction Claim Amounts for all provisionally accepted claims (as set forth on **Exhibits B-1 and B-2** hereto) calculated in accordance with the Court-approved Plans of Allocation is $4,636,517,235,202.46 (the total Transaction Claim Amounts for the 99,415 Timely Eligible Claims is $4,464,998,780,242.28 and the total Transaction Claim Amounts for the 2,614 Late But Otherwise Eligible Claims is $171,518,454,960.18). According to the Revised Plan of Allocation, each Authorized Claimant shall be allocated a *pro rata* share of the Net Settlement Fund based on the percentage their Transaction Claim Amount of the total of the Transaction Claim Amounts for all Authorized Claimants. As provided by the Plans of Allocation, Co-Lead Counsel, in consultation with Kroll, have determined that a reasonable minimum distribution amount to an Authorized Claimant is $50.00 (the "Alternative Minimum Payment"). No Authorized Claimant will receive a distribution less than the Alternative Minimum Payment.

VIII. KROLL'S REQUESTED FEES AND DISBURSEMENTS

37. In furtherance of the terms of the Settlement Agreements authorizing payment for notice and administrative expenses of and incurred by the Claims Administration, Kroll has provided Co-Lead Counsel with reports on all of the work Kroll performed with respect to the administration of the Settlements, and Co-Lead Counsel had authorized the claims administration work performed herein. Attached as **Exhibit C** are copies of Kroll's invoices for its work performed on behalf of the Settlement Class, as well as an estimate for the work that will be performed and the costs that will be incurred in connection with this initial distribution of the Net Settlement Fund to Authorized Claimants (the "Initial Distribution"). As set forth on these invoices, the cost of administration for this project through the Initial Distribution is $1,818,117.73 in fees and expenses.[2] To date, Kroll has received payment of fees and expenses in the amount of $1,601,152.54. Accordingly, there is a balance of $216,965.19 payable to Kroll.

IX. DISTRIBUTION PLAN FOR THE NET SETTLEMENT FUND

38. Should the Court concur with Kroll's determinations concerning the provisionally accepted and rejected claims, including the Late But Otherwise Eligible Claims, Kroll recommends the following distribution plan (the "Distribution Plan"):

a. Kroll will conduct the Initial Distribution of the Net Settlement Fund, after deducting all payments previously approved by the Court and requested herein, and after deducting payment of any estimated taxes, the costs of preparing tax returns, and any escrow fees, as follows:

[2] Should the estimated fees and expenses in Exhibit C exceed the actual cost to conduct the Initial Distribution, the excess shall be returned to the Net Settlement Fund and will be available for subsequent distributions of the Net Settlement Fund to Authorized Claimants.

i. Kroll will calculate award amounts for Authorized Claimants as if the entire Net Settlement Fund were to be distributed now. Pursuant to the Court-approved Revised Plan of Allocation, Kroll will calculate each Authorized Claimant's *pro rata* share of the Net Settlement Fund based on the amount of the Authorized Claimant's Transaction Claim Amounts in comparison to the total Transaction Claim Amounts of all Authorized Claimants.

ii. Pursuant to the Court-approved Revised Plan of Allocation, if the aforementioned *pro rata* distribution would result in less than 20% of the Net Settlement Fund being distributed in relation to Fix-Linked Transactions, then 20% of the Net Settlement Fund would be distributed *pro rata* by Transaction Claim Amounts associated only with Fix-Linked Transactions as compared to other Fix-Linked Transactions, while the remaining 80% of the Net Settlement Fund would be distributed *pro rata* by Transaction Claim Amounts associated only with Other Transactions as compared to Other Transactions.

iii. Pursuant to the Court-approved Revised Plan of Allocation and at the direction of Co-Lead Counsel, where it is reasonably determined that the cost of administering a claim would exceed the value of the claim under the Plans of Allocation, Kroll will distribute the Alternative Minimum Payment of $50.00 to satisfy such claims ("Alternative Minimum Payment Claims"). These Alternative Minimum Payment Claims will get no additional funds in subsequent distributions.

iv. After deducting the payments made to Alternative Minimum Payment Claims, 90% of the remaining balance of the Net Settlement Fund will be distributed to Authorized Claimants who would have received $50.00 or more

pursuant to the calculation described in subparagraph (a)(i) above. This *pro rata* share is the Authorized Claimant's "Distribution Amount." The remaining 10% of the Net Settlement Fund will be held in reserve (the "Reserve") to address any contingencies that may arise. To the extent the Reserve is not depleted, the remainder will be distributed in a "Second Distribution," as described in subparagraph (b) below.

v. To encourage Authorized Claimants to cash their distribution checks promptly, and to avoid or reduce future expenses relating to unpaid distribution checks, all Initial Distribution checks will bear the following language: "DEPOSIT PROMPTLY, VOID AND SUBJECT TO RE-DISTRIBUTION IF NOT NEGOTIATED WITHIN 60 DAYS OF DISTRIBUTION."[3]

vi. Authorized Claimants who do not cash their distribution checks within the time allotted or pursuant to further action as set forth in footnote 3, will irrevocably forfeit all recovery from the Settlement.

[3] In an effort to have as many Authorized Claimants as possible cash their checks, Kroll will perform follow up with those Authorized Claimants whose checks are initially uncashed, either because they are returned to Kroll as undeliverable or because the Authorized Claimant simply did not cash the check after a period of time elapses (the "Outreach Program"). For Authorized Claimants whose checks are returned as undeliverable, Kroll will endeavor to locate new addresses by running the undeliverable addresses through the U.S. Postal Service's National Change of Address database and, where appropriate, via Internet search techniques and by calling the Authorized Claimants. Where a new address is located, Kroll will update the database accordingly and re-issue a distribution check to the Authorized Claimant at the new address. For any Authorized Claimants whose checks are not returned but who simply do not cash their checks, Kroll will use a mix of automated calls, personalized telephone calls, and emails to urge such Authorized Claimants to cash their distribution checks. In the event an Authorized Claimant loses or damages his, her, or its check, or otherwise requires a new check, Kroll will issue replacement checks. Distribution reissues will be undertaken only upon written instructions from the Authorized Claimant, provided that the Authorized Claimant returns the previous check where appropriate. For all checks, Kroll will void the initial payment prior to reissuing a payment.

b. After Kroll has made reasonable and diligent efforts to have Authorized Claimants cash their distribution checks, which efforts shall consist of the extensive follow-up efforts described in footnote 3, Kroll will conduct a second distribution (the "Second Distribution") of the Net Settlement Fund. Any amount remaining in the Net Settlement Fund after the Initial Distribution (including from the Reserve and the funds for all void stale-dated checks), after deducting Kroll's estimated costs of such Second Distribution, and after deducting payment of any estimated taxes, the costs of preparing appropriate tax returns, and any escrow fees, will be distributed to Authorized Claimants from the first distribution who were not Alternative Minimum Payment Claims and cashed their Initial Distribution check.

c. Pursuant to the Court-approved Revised Plan of Allocation, if any funds remain in the Net Settlement Fund after a reasonable period of time following the Second Distribution to Authorized Claimants, Kroll shall, if feasible, allocate the remaining balance in an equitable and economic fashion, including taking into account participation by Authorized Claimants (i.e., which Authorized Claimants cashed their distribution checks). These redistributions shall be repeated until the remaining balance in the Net Settlement Fund is de minimis, at which time any remaining balance shall be donated to an appropriate 501(c)(3) non-profit organization selected by Co-Lead Counsel and approved by the Court.

d. Unless otherwise ordered by the Court, Kroll will dispose of the paper copies of Claims and all supporting documentation one (1) year from the final distribution date of the Net Settlement Fund and will dispose of electronic copies of the same three (3) years after the final distribution date of the Net Settlement Fund.

XI. CONCLUSION

39. Kroll respectfully requests that the Court enter an Order approving its administrative determinations regarding the Claim Forms and approving the proposed Distribution Plan.

I declare under the penalty of perjury, under the laws of the United States of America, that the foregoing is true and correct. Executed on September 15, 2023, in Oakland, California.
